The headmaster of Stanstead College is to be congratulated for doing what the rest of the English-speaking Quebec community has been unable to do, oppose the education provisions of Bill 101 without breaking the law.

Jeremy Riley has refused all Quebec government grants for his school and is thus free to accept any student he wants, whether the parents are English-speaking or not.

Stanstead College, a private boys' residential school in the Eastern Townships, has refused to accept provincial government grants in an effort to maintain its "open door" admissions policy, the headmaster, Jeremy Riley, announced today.

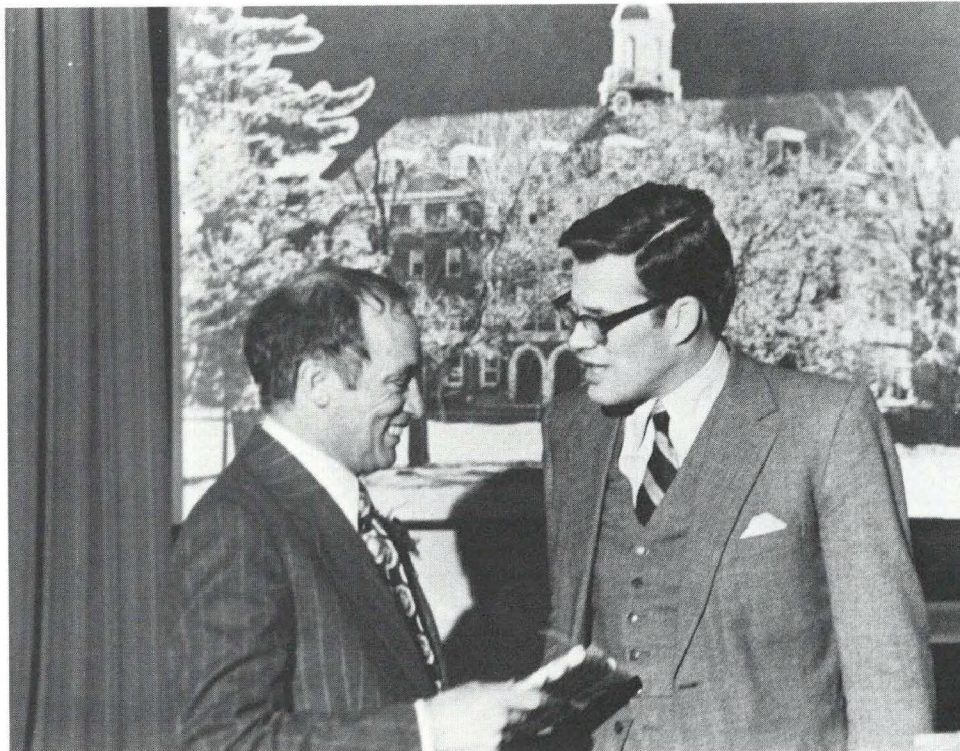

A meeting of the board of trustees on Aug. 4 resolved that the 105-year-old school in Stanstead, Que., would no longer accept the grants because by doing so they would be forced to comply with restrictions on enrolment affecting public schools.

Dedication

It is with pride we dedicate
Spectrum '78 to the first
Canadian Prime Minister who
while in office paid an official
visit to Stanstead College.

- The Right Honourable
Pierre Elliott Trudeau

PRIME MINISTER · PREMIER MINISTRE

We are living in times when people everywhere are striving to find new values to improve society. When new solutions are needed for both old and new problems, it is inevitable that we look to our young people for fresh ideas. Now, more than ever, the younger generation is preoccupied with the qualities of life rather than the quantities. This is an exciting era: there is incentive to experiment, there is opportunity to change, there is an atmosphere of enlightenment.

In Canada especially, we are experiencing a crucial period. Our actions now will determine the future of Confederation. It is essential that citizens of all ages turn their minds, ingenuity and enthusiasm to the preservation of Canada as a nation.

I am confident that with a concerted effort, we will succeed in achieving a society of justice, peace and prosperity for all. I know that we can count on you to support national unity with your strength and intellect.

I was very pleased to visit Stanstead College. You have a beautiful campus, exceptionally competent staff and bright, friendly students from varied backgrounds. To you all, I extend my very best wishes for the future.

Senior Football

The 1977-78 season for Varsity Football was a most enjoyable one finishing with a record of 6-3.

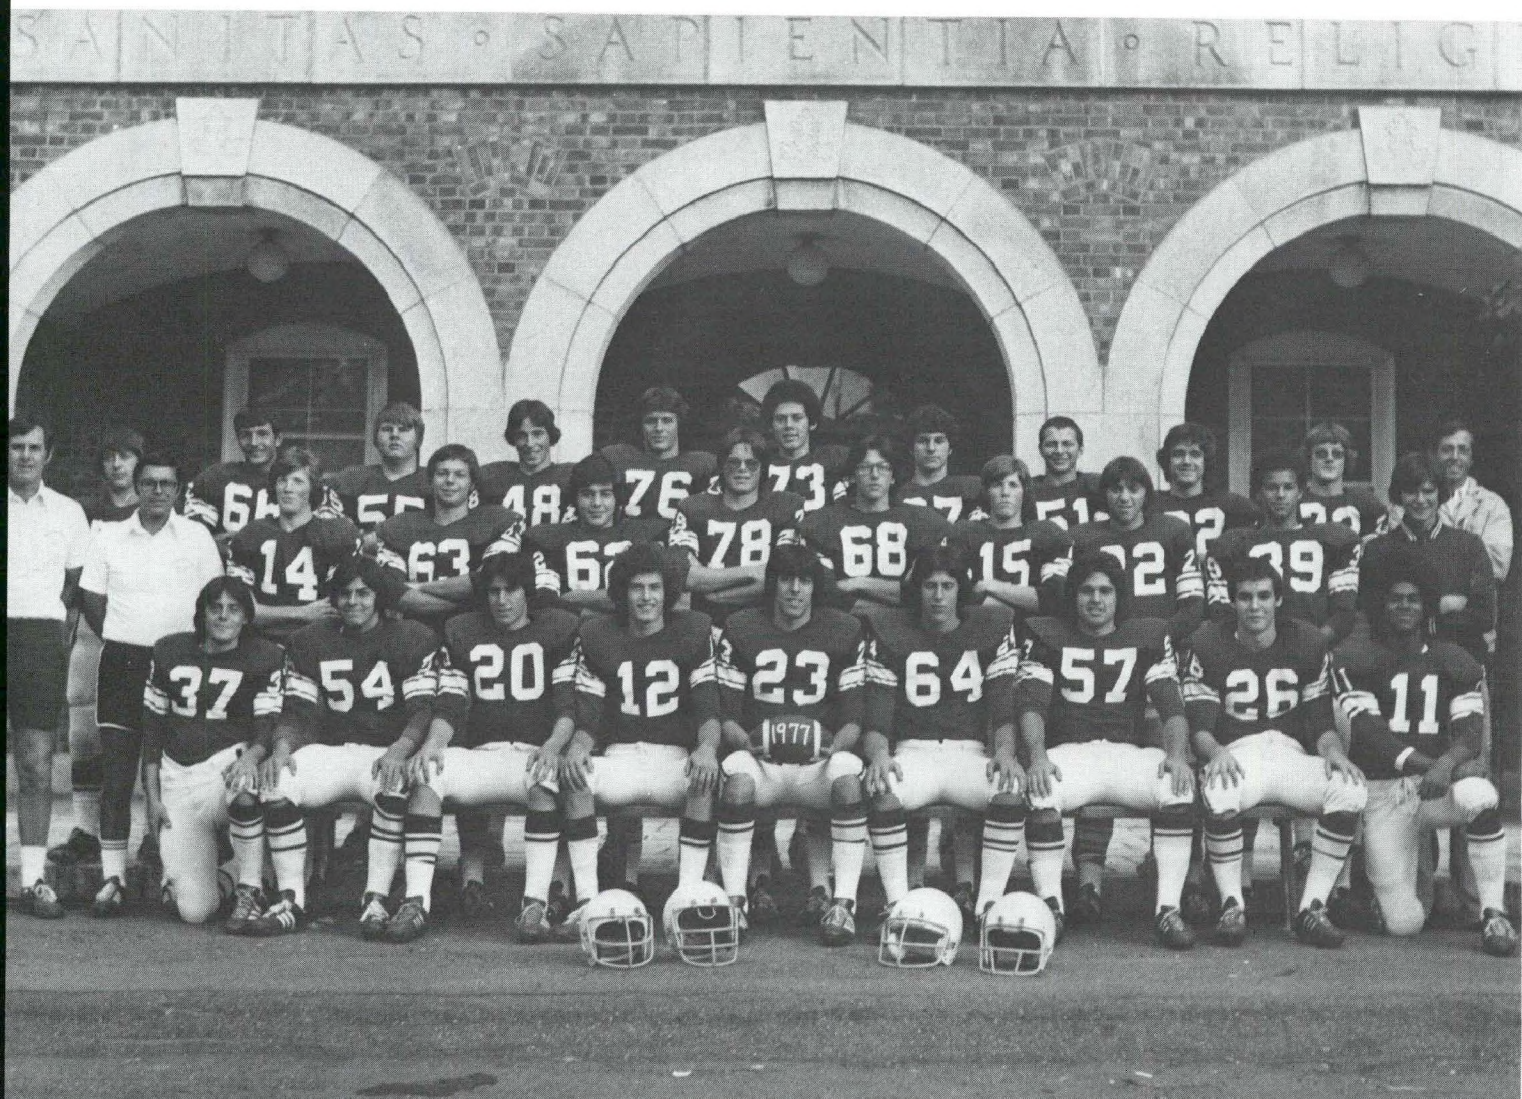

The 1st four games were played at home with wins against Selwyn House and MVR and losses to BCS and Galt.

We then won another with MVR but lost due to poor effort with Ashbury. The following week the team pulled together in practice and we went on to win against BCS to gain the Senator Howard Cup. We then defeated Galt. We required 22 points to win the ETIAC Championship. Unfortunately we didn't win the game with enough points.

The final success was in defeating the Old Boys at Stanstead, a first in a number of years.

All in all a successful season with a dedicated group of players and a caring knowledgeable staff of coaches.

Varsity Soccer

The Varsity Soccer Team did not do as well as expected because we had a lower than average team. Some players were talented, but some were inexperienced. It was very hard to communicate in such a situation. The components of the team were from all over the world - Mexico, Malaysia, Lebanon, Hong Kong, Columbia, along with a French Canadian, a Greek and an Englishman for a coach.

What we lacked in talent though we made up in fun. In fact that is what could be said to characterize this year - it was a fun season.

N.T.

J. V. Soccer

The JV Soccer Season was a pleasant and successful one. All our players were co-operative and worked as a team. We needed that because it was a very competitive league. In the final weekend of the season five teams in our category were still struggling for a play-off position. The Jr. League Champions were decided on the last day of the regular schedule.

Among the highlights was our win over Galt, the team to be the eventual champion. We tied one with Richmond, the runner-up. The week of Oct. 15-22 was particularly rewarding with 4 shut outs in a row while we scored 11 goals.

Including exhibition games, Stanstead won 8, lost 5 and tied 1 with a total of 27 goals for us and 15 against us. The backbone of the team was made up of Lothrop goalkeeper; Petrucci, center fullback; Krueger, Capt. and center half; and Mezey as forward.

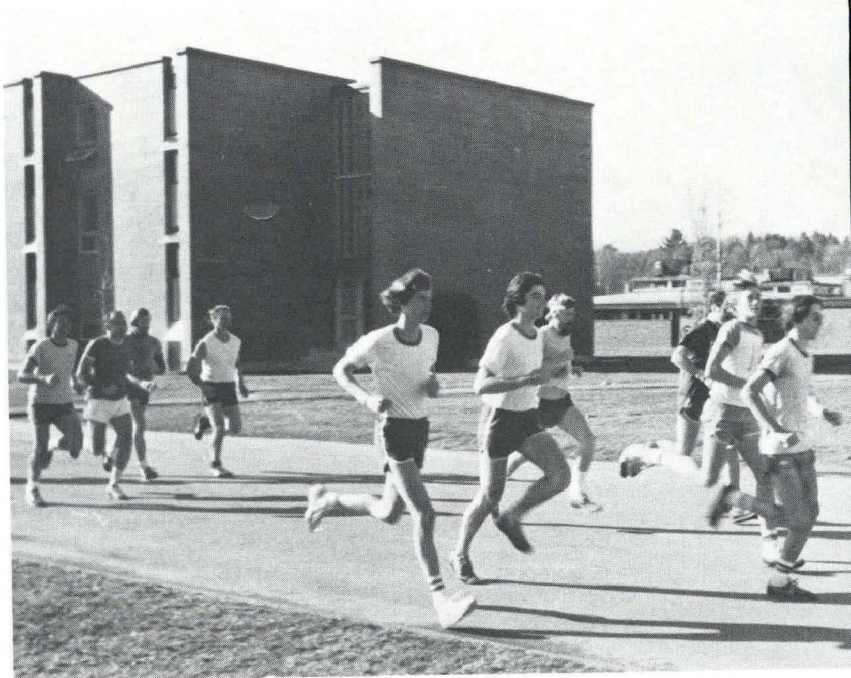

Bantam Soccer

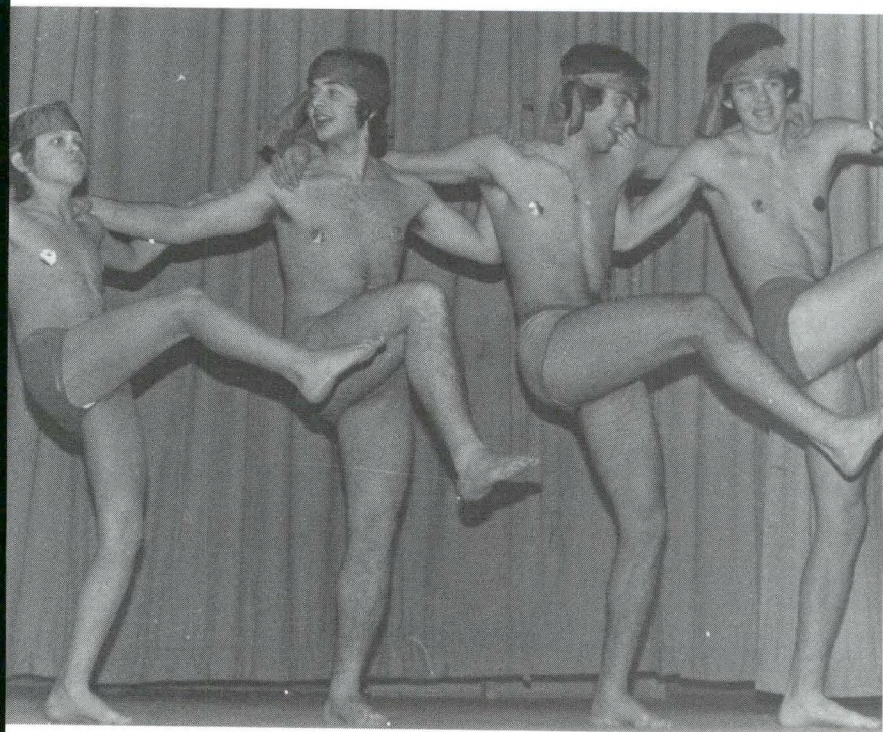

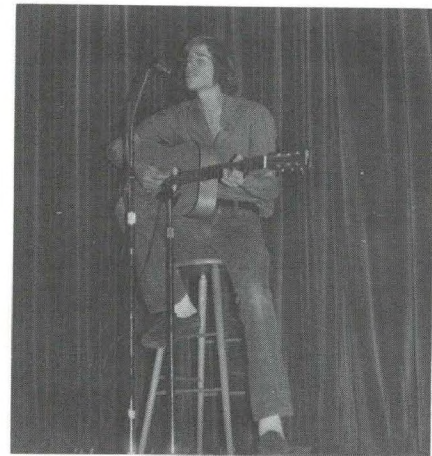

77-78 was a very interesting year for the Bantam Soccer Team and Coach Chen. The team was picked from a large number of students and we expected to be good. We started off well, but spirits dropped and some of our team play lost. Although we won our first game of the year against S.W.S. 3-1, the highlight of the year was that the team came within one goal of beating or tying AGRHS in our two meetings with them. If we had beaten AGRHS it would have been the first time in Coach Chen's career.

All in all the team had a very enjoyable year and the team improved steadily.

Varsity Hockey

The Stanstead College Varsity Hockey Team had a fairly good season this year, increasing its talent game after game. We started the year at a slow pace, but finished our last seven games with one loss. Our high scorer for the team and for the League, Luc Lesage, helped us through most of the games. With four ties and two wins our thanks go to Coach Bunner and Manager Luke Curtis for all they did for the team.

J. V. Hockey

When we started the season, all the better players were moved up to the Varsity team. Mr. Boyd, our coach, made hockey a game that was fun to play even if the team was not the best in the League. However, in the middle of the season Mr. Boyd had to leave the team for health reasons and Mr. Hamel took his place. He also did a good job coaching.

Our best scorers were Kevin Philip and Yves Lacoste. John Stacey, our goaler, did an outstanding job for the team since he stopped dozens of shots that would have normally been goals.

Unfortunately our team came last in the League with a record of three wins, eleven losses, and two ties. But we did have an excellent time and that is what amateur hockey is all about.

Cross-Country Skiing

The cross-country programme this year was an excellent success. It was felt by coaches Eveleigh and Duncan that we in fact had one of the best seasons ever. This year we had a Bantam as well as the usual Senior and Junior Teams. Besides very good snow and weather conditions we had the good fortune of skiing on newly built trails by the Town of Stanstead. To add to this there was the ETIAC championship at Bishops and a Zones meet in Sorel, Quebec. Nine of our sixteen skiers made it to the Zones, and if there had been Provincials eight would have gone on.

Mark Simpson and Scott Lothrop, who were always one behind the other, did exceptionally well in the junior division at the Zones, with Mark placing 2nd and Scott 3rd. Both Chris Spencer and I, who were only seconds behind each other, did well at the Zones, with Chris placing 4th and myself 1st. Chris probably had the best race at Galt by coming 1st very convincingly.

At the Bishop's Invitational we came away with five gold and two silver medals for Juniors, who won in the overall Junior category, and three silver for the Senior.

This year we also travelled to Ottawa to participate in the Nakertok relays. Our senior relay team came 6th out of some eleven teams, with Alton Deslandes having his best time. The Junior team came 4th despite losing a ski basket, a ski and one skier losing his way. Marc Maheu, a newcomer to the sport, was a strong hustler, as well as Allan Vaillancourt, the backbone of the Bantams.

With Eric Pothier the latter two won their Bantam S's. Scott Lothrop and Mark Simpson, two excellent skiers, achieved their Jr. S's for the second time. Mike Seviour earned his Sr. S. while Chris Spencer and I achieved our Major S., Chris for the second time.

This year our 'ski to the top' programme continued with Scott Lothrop and Chris Spencer reaching 1000 km. Our cross-country programme has expanded a lot in the past couple of years and I hope it will continue to do so. Well done everyone and good luck!

Peter Stewart

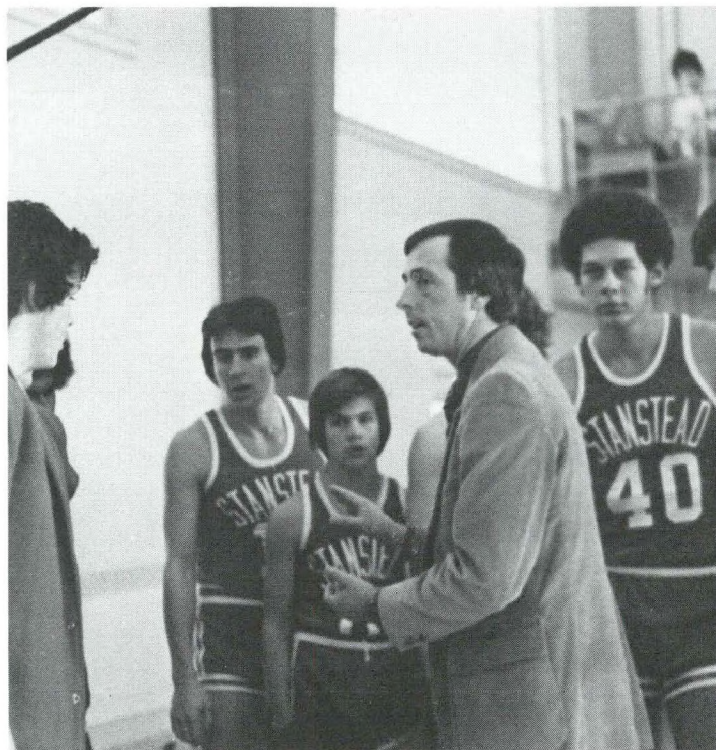

Varsity Basketball

Due to the great effort and dedication put into this season by players and coach the team ended with a record of 25 wins, 6 losses. This record included a tournament victory, the Massey Vanier Invitational Christmas Classic, a 12 win - 0 loss record in the ETIAC regular season and playoff gave us the league championship, Banner and Trophy.

As far as individual talent, to single out any player would be taking credit away from the rest of the team. The term "Bench" was erased this year. Good balance in talent on the team gave us the edge we needed to be successful.

Many people felt that this season might have been the most successful season ever. Much credit for this should go to coach Denney. His experience as a coach and knowledge of the game was a most significant part of our success. The team would like to thank him for his patience, dedication and much expressed enthusiasm.

Capt. P. Carpentieri

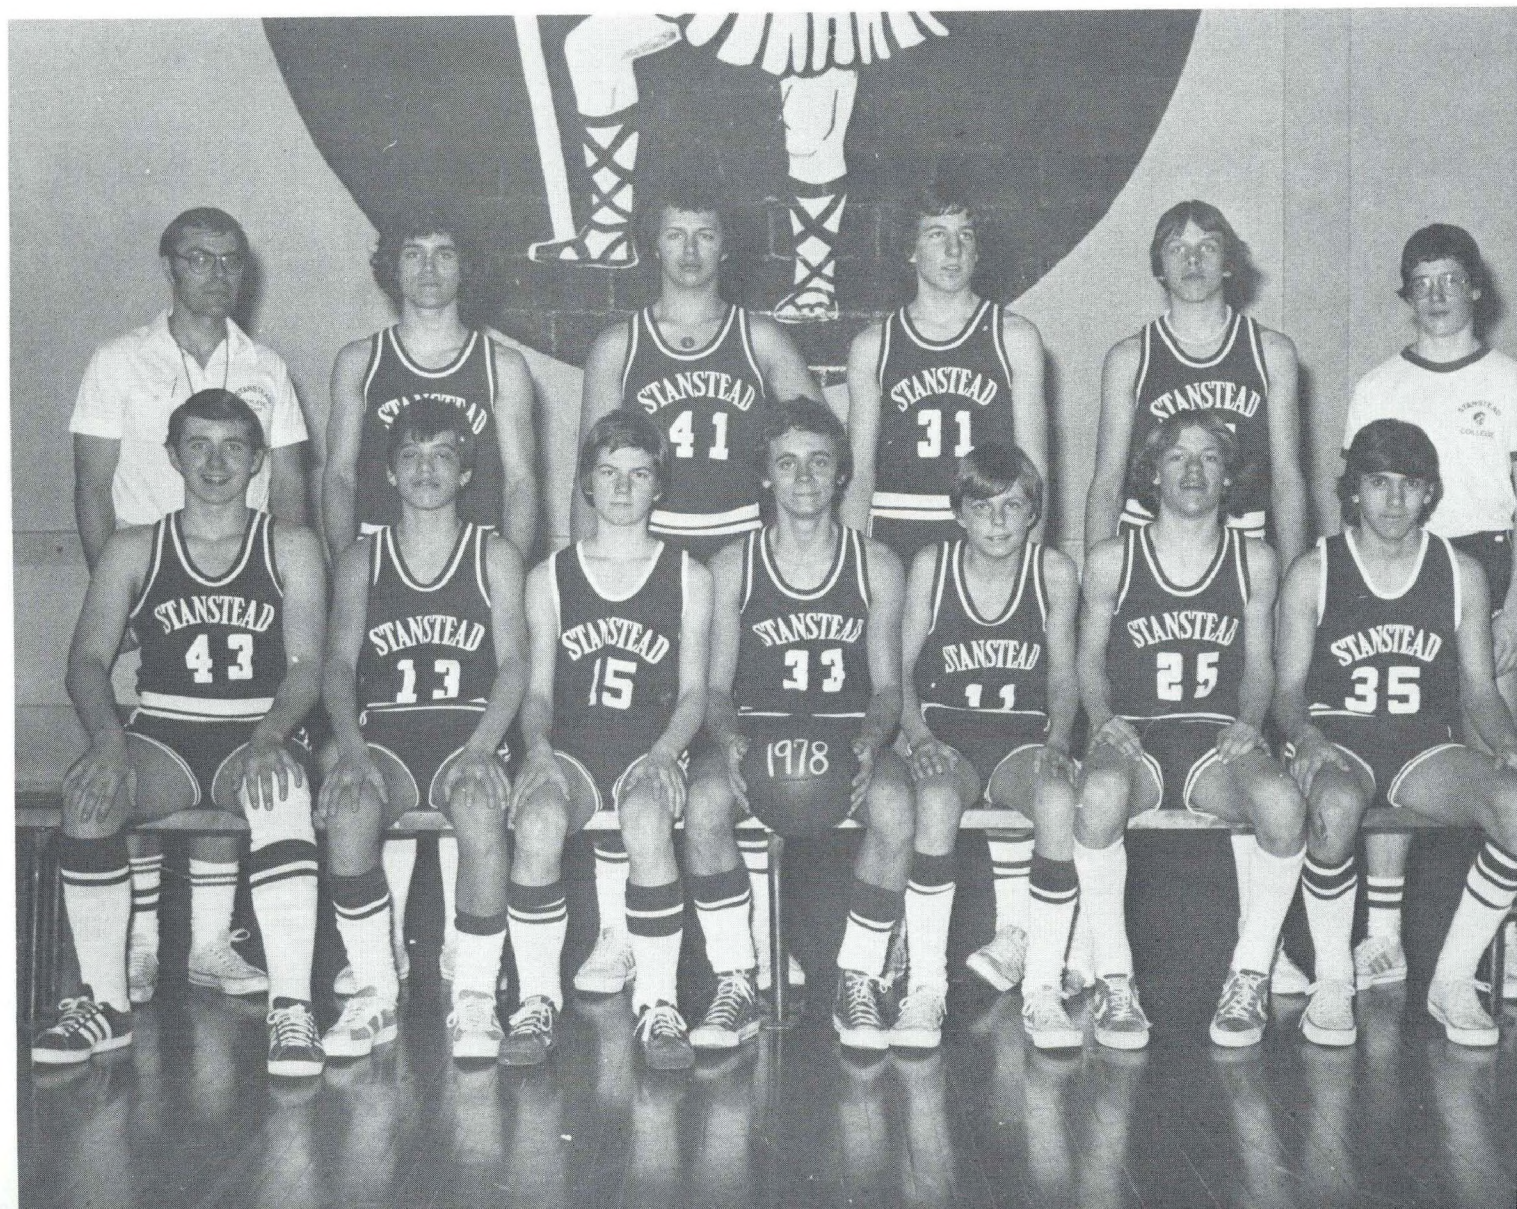

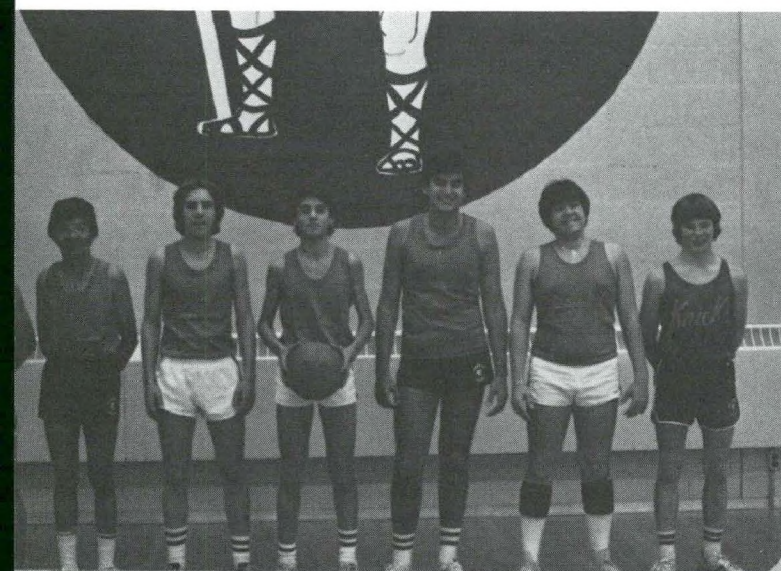

J. V. Basketball

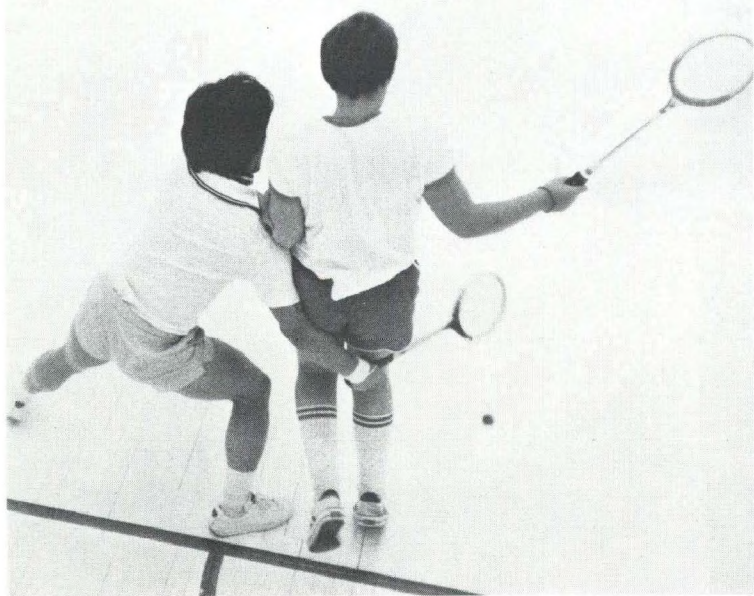

This year's J.V. Basketball team was full of life and vigour. It was the kind of spirit that often lifted the team to its great successes. We defeated every team in the conference which led us to achieve the best season in eleven years - the best the J.V. level has had.

Softball

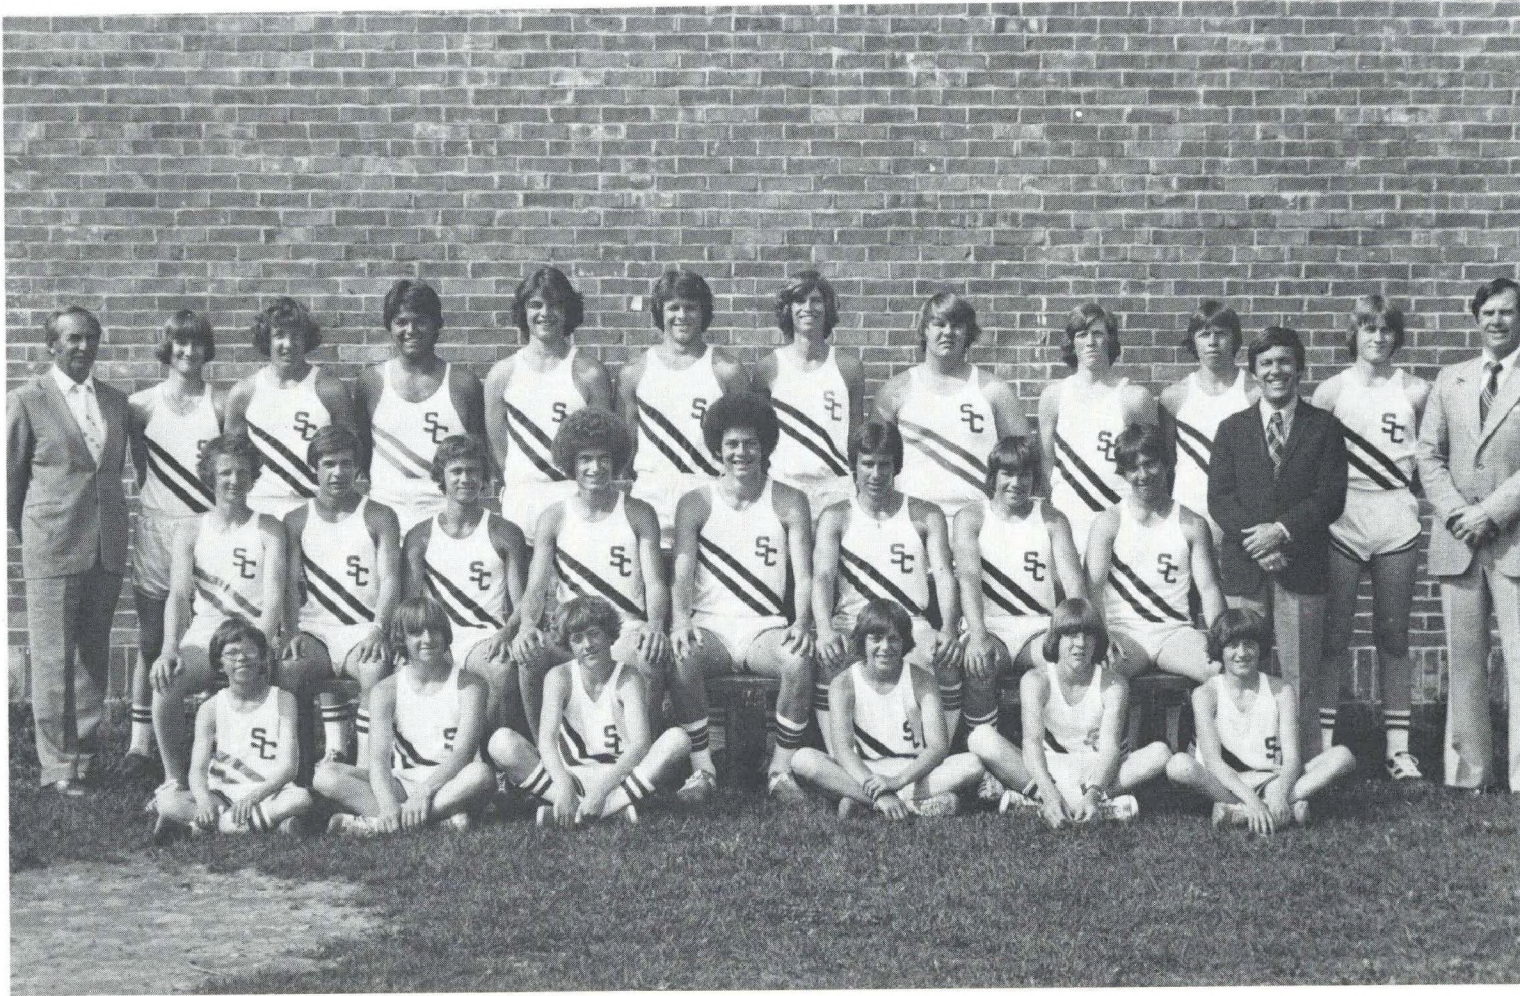

This year was another great year for the Stanstead College Softball Association. There were a record number of teams, six senior and six junior. Thirty regular season games were played, leading to a very exciting playoff. The championship finals were extended to the best out of three games. Both senior and junior finals went all three games, with the Red Sox taking the senior title, and the Mets the junior. Everybody would like to thank Mrs. Duncan and Mr. Denney for all their time and effort in this very enjoyable year.

John Stacey

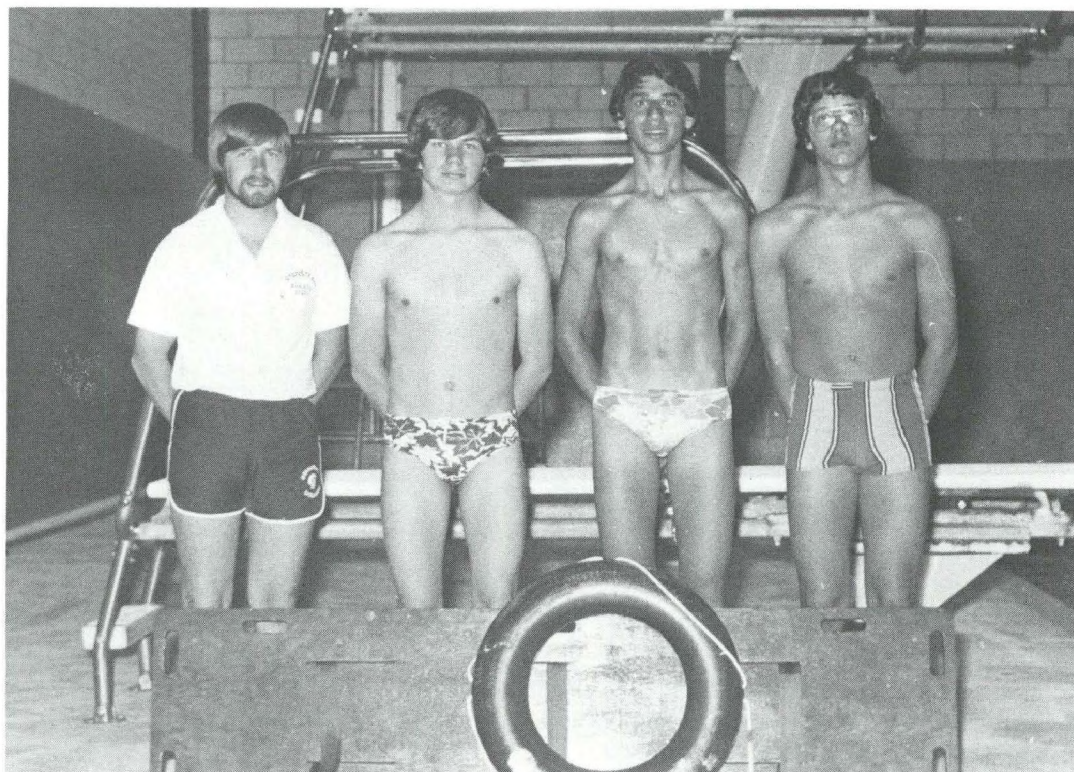

Track & Field

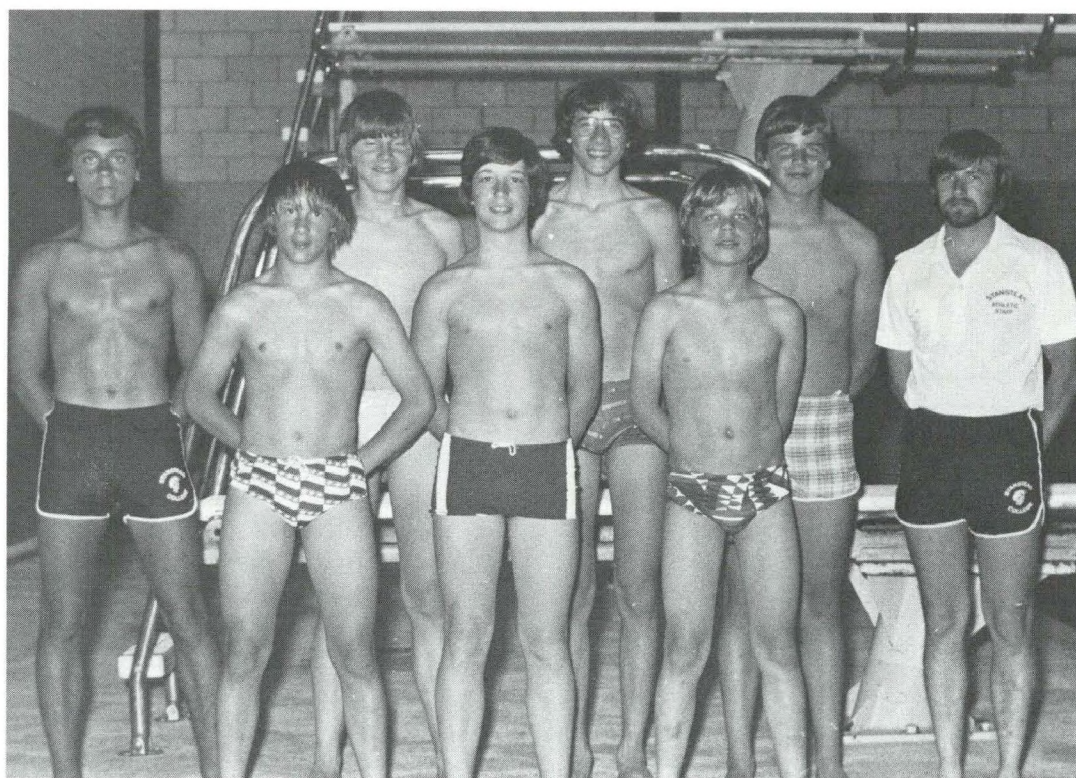

The season was truly an exciting and successful one. After two weeks training we came 2nd in our tournament. Seven other schools participated, some from Ontario, but only Richmond managed to end up with more points. The highlight was winning the senior class with only six boys participating. The next tournament was a week later at Galt. Nine other schools were present. It was a frustrating day after being declassified from the 4 x 100 after coming second. We got hold of ourselves and came first in the 4 x 200 and second in the 4 x 400. All this was done once again by the six boys in the senior class. The following week we took part in the 36th Y's Men's Meet. With five schools participating we did extremely well, but came up short ending 3rd, with 99 points, Galt 100 and Rich-

mond 106. However, we beat many records; in the senior 100m and 200m dash, and the Bantam 100m. Our senior class again proved to be the best. We came first and second in the 100m and first, second and third in the 400m. Gary Hindley came first in the 100m and 200m long jump and second in the 400m. He won an excellent 800m in the mild medley which we won by a very large margin. Jacques Petrucci also ran very well coming first in the 100m, 200m and 400m. He was also part of the mile medley team. Eric Pothier also did well coming second in the 200m and 400m long jump and the triple jump. He came first with a record in the 100m.

Thanks to Mr. Boyd, Mr. Philip and Mr. Gomez for spending so much time in coaching us to a successful season.

Tennis

Like all years this seasons tennis came and went only too quickly. We had a lot of good weather, but did not play enough matches. We had only two, both of which were against B.C.S. where we were aced both times. This is when the teams lack of experience playing in matches showed.

Overall the members had a good season and Mr. Walker's coaching was much appreciated by all.

STANSTEAD RIFLE RANGE '78

Bullets batter black wooden blocks.

Burnt cordite and tobacco reek.

Young faces cuddle smooth gun-stocks.

"Top Left" is going for "Gold" this week.

In years gone by I taught this skill

To men about to go to war.

They learnt their fellow men to kill,

"Shoot straight, or die, was then the Law."

Now when these lethal skills I teach

To boys who know them as a sport,

Lord grant they heed the words I preach,

And not take life without a thought.

The rifles speak, the lights are low,

"Three clicks up; go two clicks right."

"Don't jerk the trigger"; "That one's low."

"Cease fire." "Unload." "Turn on the lights."

My fourth decade on Rifle Range

With Christian, Hindu, Moslem, Jew.

All colours, creeds, and accents strange,

The gun brings understanding too!

TO EACH ITS LIFE

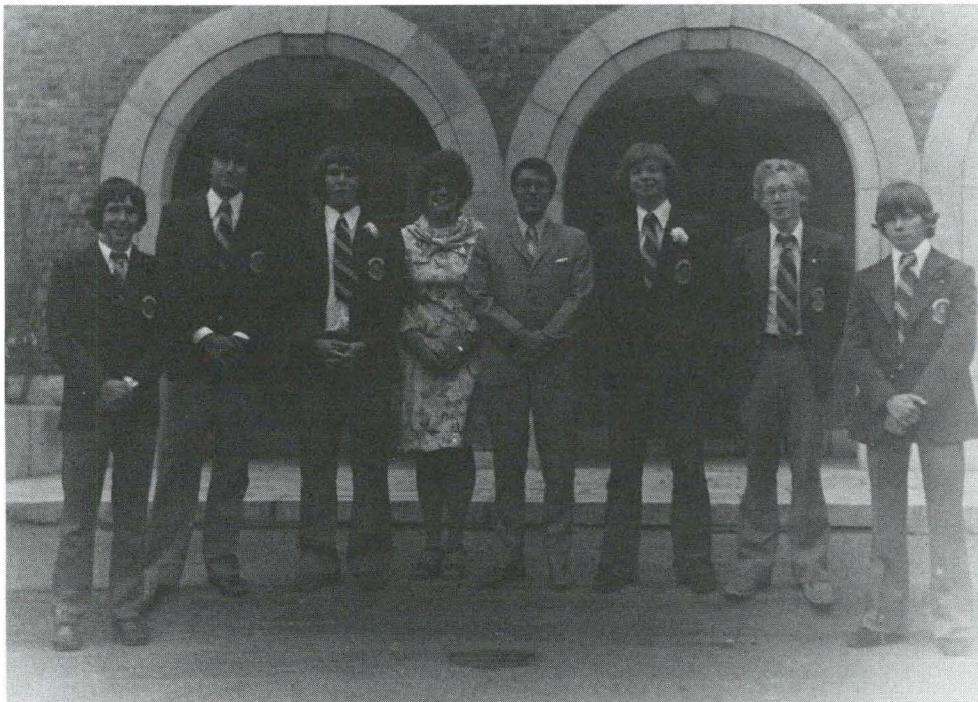

While Mothers so chalantly rest
the children near them scratch their knees
while Fathers do their very best
to comfort and to catch them.

The bars of grey are darkened red
with the loss of swining days
when children swung in avid dread
of falling out into a daze.

This dread they carry on in life
it moves them deeply to their goal;
to function in this world of strife
where in the circus they play their role.

But all in all their benefit nil
until they've fallen out of place
and when they follow their own will
they'll never see their face.

Ashik RAHAMAN, Gr 11

All the way from Georgetown, Guyana, he has suffered 3 Canadian winters. Intramural Soccer and Basketball were his sports with Tennis and Softball. He hopes to be a CA, but more likely a nutty philosopher.

Robert MACLAREN, Gr 11

From Jonquiere he came to Stanstead 2 years ago. He has done X-Country Running and Skiing, Softball, and was a Debater. He would like to be a lawyer, but claims interest in functions and to be Head of Maths.

Michael SEVIOUR, Gr 11

From Newfoundland Mike has spent two years with us. He X-Country Skiied, played Tennis and debated. He hopes to enter business and "Take it easy."

Richard MARTIN, Gr 11

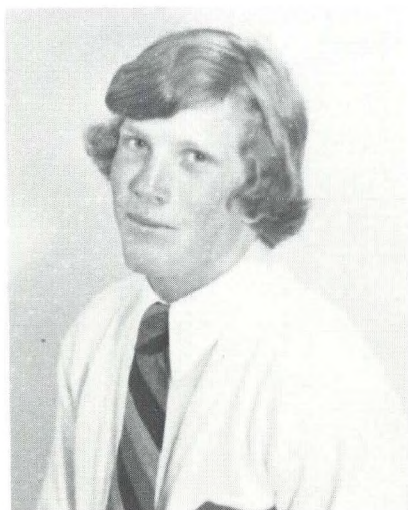

Another Newfoundlander, he has also done X-Country Running and Skiing. During his 3 years here he also was a Lifeguard, debated and played intramural basketball. Wants to be a Biologist, but may be a fisherman off Labrador.

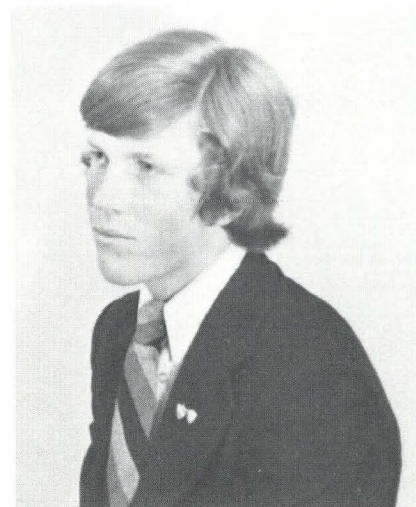

Ian BELL, Gr 11

Comes from St. Lambert. During his 2 years he played Varsity Soccer and Hockey, Softball and Golf. Ian also sang in the Choir and was a Prefect. Would like to be a businessman, but may end up as a night watchman.

Monty ALLAN, Gr 11

Also from Thunder Bay he became a Prefect and Letterman during his 4 years here. He played Varsity Football, Hockey, and Softball. Has ambitions as a CA, but his correspondence suggests other interests as well.

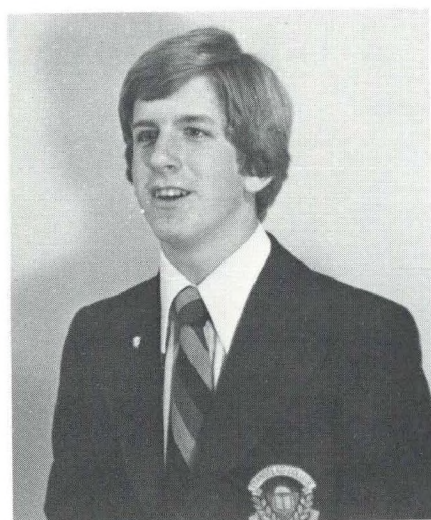

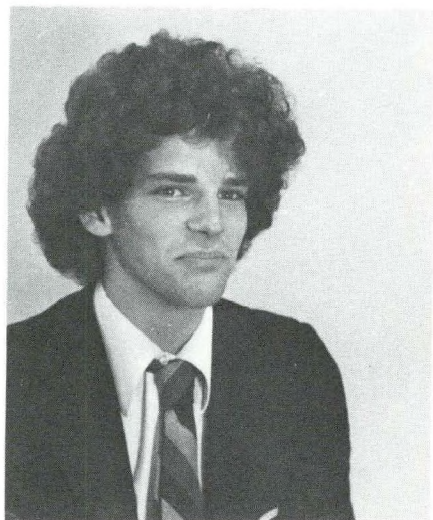

Robbie ALLAN, Gr 11

From Thunder Bay he spent 4 years here becoming a Prefect and Head of Colby. He played Varsity Football and Basketball, Track and Field, and Softball. Wants to be a Business Executive, but may join the unemployed.

Paul WRIGHT, Gr 11

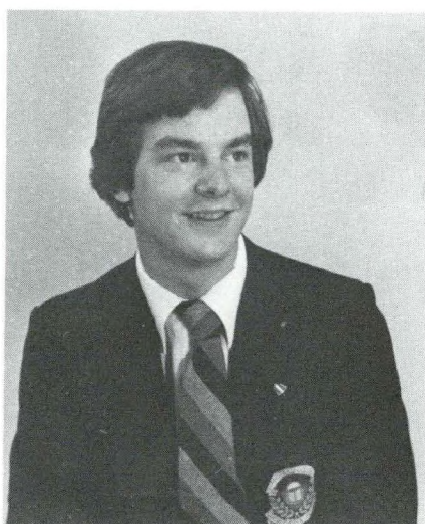

Also from St. Lambert Paul spent 4 years at Stanstead. He did X-Country Running and Skiing, and played Softball. He too wants to enter business or S.C. Library.

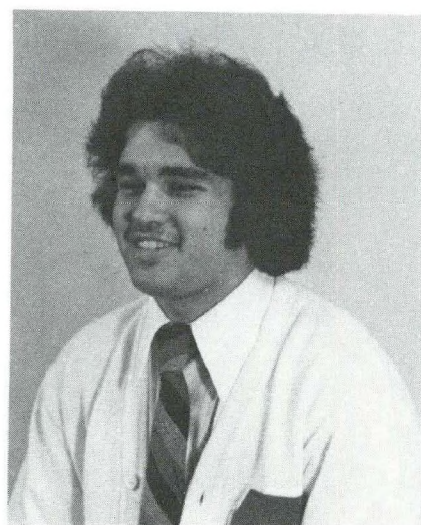

Ken RAICHE, Gr 11

From Quebec City, Ken spent 3 years at Stanstead. He did X-Country Running and Track, played Football, Softball and Skied. He wants to be a big business tycoon, but likely will be a Ski Bum.

Peter START, Gr 11

From Beaconsfield, Peter claims to have spent 2 long eternities here. He did X-Country Running and Skiing, and Rifle Shooting. Wants to make it, probably will on welfare. Became a Prefect.

Larry MAISLIN, Gr 11

Stanstead College

OPERATION Life~LINE

MONTREAL - (June 20): Stanstead College, which ten months ago announced it would no longer accept provincial government grants in order to maintain complete control over its enrollment policies, has now launched its fight for L.I.F.E.

L.I.F.E., representing Long-Term Investment Fund Endowments, is a major fund-raising campaign with the objective of raising a capital investment fund of \$5,000,000.

The announcement of the campaign, themed OPERATION LIFE-LINE, was made by Lorne C. Webster, Chairman of the Board of Trustees of Stanstead College and by Jeremy M. Riley, Headmaster and administrative director of the school, who spoke on behalf of the Board of Trustees.

According to Mr. Riley, "This investment fund (L.I.F.E.) will provide an annual income base designed to ensure the maintenance of economic stability and operational independence of Stanstead College."

Mr. Webster reviewed the decision made by the school's Board of Trustees last year. "Last August, Stanstead College reaffirmed a decision that was made over 100 years earlier. That decision was to maintain the policy of offering only the highest quality of education available to its students under the guidelines of freedom and independence established by the school's founders in 1872."

"The Board of Trustees of this non-profit private educational institution had to decide on a matter of principle", Mr. Webster continued. "The alternative was to decline the \$240,000. Quebec Government grant available to us as much needed operating revenue, rather than to succumb to the unacceptable enrollment dictates of the new bill and by so doing compromise our educational standards."

According to Mr. Webster, there is little likelihood that Stanstead will resume acceptance of the provincial government grants in the near future. "It appears obvious that the Quebec Government intends to pursue its education policies and subsequent controls encompassed by Bill 101. But Stanstead College must continue to survive without compromising its standards, its principles or its educational legacy developed and expanded by over six generations of Stanstead graduates. We must therefore continue to decline the grants available to us from the Quebec Government under the circumstances that prevail."

These circumstances have led, in part, to the decision to launch the fund-raising campaign. Mr. Riley stated "Operation Life-Line will provide an investment fund which will meet both the short-term and long-term needs of the college.

"The essence and spirit of Stanstead is rooted in this one paramount attribute - freedom from interference by outside sources ...independence! Without independence our school would not be the Stanstead College we know today."
